TEA QUARTERLY

THE JOURNAL

OF THE

TEA RESEARCH INSTITUTE

OF CEYLON

VOLUME XXIII

1952

Edited by

G. H. PEIRIS, B.Sc., M.R.C.S., D.P.H.

Director, Tea Research Institute

THE TEA RESEARCH INSTITUTE

St. Coombs, Talawakelle,

Ceylon.

CONTENTS

Parts I & II (March/June, 1956)

PAGE

Developments in blister blight control—

WEBSTER, B. N. and PARK, P. O.—I. Introduction to the 1955 series of blister blight control experiments 3

PARK, P. O., WEBSTER, B. N. and JENNINGS, E. A.—II. Spraying trials in 1955, using 50% copper fungicides 7

PARK, P. O., WEBSTER, B. N. and JENNINGS, E. A.—III. Dusting trials in 1955, using 4% copper blended dusts 10

PARK, P. O. and WEBSTER, B. N.—IV. Small scale assay of fungicides 14

KEEGEL, E. L.—Miscellaneous notes on manufacture 20

BEAN, R. J. S.—Vegetative propagation in tea (Its practical application) 24

BAPTIST, B. A.—The tea leaf-eating Tortrix caterpillar (*Homona coffearia* Nietn.) as a limiting factor in insecticidal applications on tea ... 28

TOLHURST, J. A. H.—Why magnesium? 36

TOLHURST, J. A. H.—Dolomite 38

KEEGEL, E. L. and GUNARATNAM, S. M.—Interim report on the performance of the "Shizuoka" electric separator 42

Miscellaneous notes—

TOLHURST, J. A. H. and PORTSMOUTH, G. B.—Manuring Guatemala grass 45

Minutes of the meeting of the Board held on 2nd December, 1955 ... 46

Minutes of the meeting of the Board held on 2nd March, 1956 ... 49

Minutes of the meeting of the Board held on 28th March, 1956 ... 52

Part III (September, 1956)

ENGLEDOW, SIR FRANK, C.M.G., F.R.S.—Opening address to the Plant Protection Second International Conference 55

TOLHURST, J. A. H.—Ideas on the experimental replanting of tea ... 60

PORTSMOUTH, G. B.—Some thoughts on forking 67

PAGE

TOLHURST, J. A. H.—Notes on soil pH 70

Miscellaneous notes—
PHILLIPS, W. W. A.—The dispersal of *Drymaria cordata* seeds by ground-feeding birds 73

TOLHURST, J. A. H. and WEBSTER, N. B.—Improved fungicides ... 73

Reviews—"Practical Plant Protection" by E. Holmes 74
"Johnson's Note Book for Tea Planters" by R. J. Johnson ... 75

VISSER, T. and KEHL, F. H.—Drought 77

Minutes of the meeting of the Board held on 1st June, 1956 ... 80

Part IV (December, 1956)

Symposium on shot-hole borer 83

Opening address by D. L. COWLING, Esq., Chairman, Sabaragamuwa Planters' Association 84

Address by the HON'BLE MR. D. P. R. GUNAWARDENA, Minister of Agriculture and Food 86

Reply to the Minister's address by SENATOR THOMAS AMARASURIYA, O.B.E., Chairman, Planters' Association of Ceylon 89

Opening remarks by MR. G. B. PORTSMOUTH, Director, Tea Research Institute of Ceylon 91

PORTSMOUTH, G. B.—The shot-hole borer problem 92

AUSTIN, G. D.—Historical review of shot-hole borer investigations ... 97

JUDENKO, E.—Research work on shot-hole borer (October, 1955 to August, 1956) 103

Address by DR. W. R. C. PAUL, Acting Director of Agriculture ... 106

WALTER, T. E.—Field observations on the pest in the low-country ... 107

ILLANKOON, R. L.—Observations on shot-hole borer in tea small holdings 112

WEBSTER, B. N. and VISSER, T.—Pathological and physiological implications of shot-hole borer infestation 114

TOLHURST, J. A. H.—Manuring of tea and possible connections with shot-hole borer attack 120

Address by MR. S. ANANDA RAU, Entomologist, United Planters' Association of Southern India 123

COWLING, D. L.—Views of the Sabaragamuwa Planters' Association ... 125

PAGE

PYPER, G.—Views of the Kandy Planters' Association 127

WILSON, C. A.—Views of the Nuwara Eliya Planters' Association ... 129

Discussion 131

Closing remarks by MR. G. B. PORTSMOUTH, Director, Tea Research Institute of Ceylon 141

Closing remarks by MR. D. L. COWLING, Chairman, Sabaragamuwa Planters' Association 142

Minutes of the meeting of the Board held on 7th September, 1956 ... 143

SUBJECT INDEX TO VOLUME XXVII

	Page
Address, Opening, to the Plant Protection Second International Conference	55
Developments in blister blight control—	
Dusting trials in 1955 using 4% copper blended dusts ...	10
Introduction to the 1955 series of blister blight control experiments	3
Small scale assay of fungicides	14
Spraying trials in 1955 using 50% copper fungicides	7
Discussions at shot-hole borer symposium	131
Dispersal of *Drymaria cordata* seeds by ground-feeding birds ...	73
Dolomite	38
Drought	77
Drymaria cordata seeds, Dispersal of	73
Electric separator "Shizuoka"	42
Experimental replanting of tea	60
Field observations on the shot-hole borer pest in the low-country ...	107
Forking, Some thoughts on	67
Fungicides, Improved	73
Guatemala grass, Manuring	45
Historical review of shot-hole borer investigations	97
Homona coffearia Nietn.—tea tortrix—a limiting factor in insecticidal applications	28
Ideas on experimental replanting of tea	60
Interim report on the performance of the "Shizuoka" electric separator	42
Improved fungicides	73
"Johnson's Note Book for Tea Planters" by R. J. Johnson (Review) ...	75
Kandy Planters' Association's views on shot-hole borer	127
Low-country, Observations on shot-hole borer in the	107

PAGE

Magnesium, Why? 36

Manufacture, Miscellaneous notes on 20

Manuring Guatemala grass 45

Manuring of tea and possible connections with shot-hole borer attack ... 120

Minutes of the meeting of the Board of the T.R.I. held on 2 Dec. 1955 46

" " " " " " " " 2 Mar. 1956 49

" " " " " " " " 28 Mar. 1956 52

" " " " " " " " 1 Jun. 1956 80

" " " " " " " " 7 Sep. 1956 143

Miscellaneous notes on manufacture 20

Notes on soil pH 70

Nuwara Eliya Planters' Association's views on shot-hole borer ... 129

Observations, Field, on shot-hole borer in the low-country ... 107

Observations on shot-hole borer in tea small-holdings 112

Pathological and physiological implications of shot-hole borer infestation 114

pH, Notes on soil 70

Physiological and pathological implications of shot-hole borer infestation 114

Practical application of vegetative propagation in tea 24

"Practical Plant Protection" by E. Holmes (Review) 74

Propagation, Vegetative, in tea 24

Replanting of tea, Ideas on experimental 60

Report on the performance of the "Shizuoka" electric separator ... 42

Research work on shot-hole borer 103

Review of shot-hole borer investigations, Historical 97

Reviews—

"Johnson's Note Book for Tea Planters" by R. J. Johnson ... 75

"Practical Plant Protection" by E. Holmes 74

Sabaragamuwa Planters' Association's views on shot-hole borer ... 125

"Shizuoka" electric separator 42

Shot-hole Borer Symposium—
Address by Acting Director of Agriculture (Dr. W. R. C. Paul) ... 106

„ „ Chairman, Planters' Association of Ceylon (Senator Thomas Amarasuriya) 89

„ „ Chairman, Sabaragamuwa Planters' Association (Mr. D. L. Cowling) 84

„ „ Director, Tea Research Institute (Mr. G. B. Portsmouth) 91

„ „ Entomologist, U.P.A.S.I. (Mr. Ananda Rau) ... 123

„ „ Minister of Agriculture and Food (Hon'ble Mr. D. P. R. Gunawardena) 86

Closing remarks by Chairman, Sabaragamuwa Planters' Association 142

„ „ „ Director, Tea Research Institute ... 141

Discussions at Symposium—
Ambrosia fungus 133

Assessment of damage 132

Biological control 132

Economics of control 139

Frazer's pruning technique 134

Host plants 135

Loss of crop 132

Manuring 135,137

Plucking 135

Pruning cycles 131, 133, 136, 137, 138

Resistance or immunity 138

Reverse rim-lung pruning 134

Rim-lung pruning 134

Shade 138

Field observations on the pest in the low-country 107

Historical review of shot-hole borer investigations 97

Kandy Planters' Association's views on shot-hole borer ... 127

Manuring of tea and possible connections with shot-hole borer attack 120

PAGE

Nuwara Eliya Planters' Association's views on shot-hole borer ... 129

Observations on shot-hole borer in tea small holdings ... 112

Pathological and physiological implications of shot-hole borer infestation 114

Research work on shot-hole borer 103

Sabaragamuwa Planters' Association's views on shot-hole borer 125

Shot-hole borer problem 92

Views of District Planters' Associations 125, 127, 129

Soil pH, Notes on 70

Some thoughts on forking 67

Symposium on shot-hole borer—See under Shot-hole borer ... 83

Tea-leaf eating tortrix caterpillar as a limiting factor in insecticidal applications on tea 28

Tortrix caterpillar as a limiting factor 28

United Planters' Association of South India, Address by the Entomologist, 123

Vegetative propagation in tea (its practical application) 24

Views of the Kandy Planters' Association on shot-hole borer ... 127

„ „ „ Nuwara Eliya Planters' Association on shot-hole borer ... 129

„ „ „ Sabaragamuwa Planters' Association on shot-hole borer ... 125

Why Magnesium? 36
